About Nucleus of change

Established in 2008, Nucleus of change is a Change and Performance consultancy specialised in:

- Developing Authentic Leaders who walk their talk, empower people, are able to manage complex change and to achieve high performance
- Building value-driven performance organisations to inspire people to execute the organisation's strategy and attract the best talent
- Supporting leaders and organisation's to navigate transitions smoothly

The founder

The founder Francine Beleyi, is bilingual French/English with 13 years of professional international experience (France, Africa and the UK) in blue chip organisations, Not-for-profit sector and SMEs. She has led and coordinated successfully multi-millions pounds projects, assessed & met the needs of the organisations whether it was to implement new systems, improve the business effectiveness, trained/coached the staff or supported CEO, Chairs and other senior executives. She has supported people at all levels of organisation to achieve their objectives.

Her qualifications include a Master's degree in organisational consulting & change management but also a Bachelor degree in Finance & Accountancy and degree in Information systems.

"Sustained rather than temporary results is the goal of change"

The Mission of **Nucleus of change** is to help current and future leaders and organisations to achieve sustainable performance through Authentic Leadership, Entrepreneurship and Rapid Change integration.

We provide services to corporate, not-for-profit organisations, start-ups, medium companies and individuals.

We work in **partnership** with clients to identify the root causes of issues and help them to achieve quick results aligned with the long term strategy by utilising the **existing untapped** hidden resources

Our **Values** are:

- Creativity
- Excellence
- Fun & passion
- Respect
- Collaboration
- Social responsibility
